STARTS 7:30 SHARP.

ADMISSION: 15c and 35c

## Miners Will Strike Tomorrow

Latest reports from the strike situation indicate that a strike will be called within the next twenty-four hours. Orders for a general strike in District 18 of the United Mine Workers, which includes Alberta and Eastern British Columbia, will be issued, unless Commissioner Armstrong agrees to the investigation demanded by the miners for the removal of the eight-hour day order as it affects the surface mine workers of eastern British Columbia, is the latest development in the situation.

An ultimatum has been handed Mr. Armstrong by the officials of the U. M. W. of A. in Calgary, consisting of President Christoffers, Secretary Browne and three others who have been empowered to call a strike.

## Talking Across the Atlantic

The Philosopher is old enough to remember when the telephone was a new thing, and like every person of middle age has seen many other wonders of human invention come into general use, and hopes to see many more before he passes from this wonderful world. It was reported in the newspapers a fortnight ago that the human voice had been transmitted across the Atlantic by wireless telephony from Glace Bay, on the Nova Scotia coast, to Clifden, in Ireland, a distance of 2,130 miles, and also from the United States naval station at New Brunswick, in New Jersey, and the transport George Washington, in the harbor of Brest, France. These are the "fairly tales of science" and the "long rumpled time" that Tennyson dreamed of in his poem Locksley Hall, being translated into actual fact one by one. The cable across the ocean had been a marvel of human achievement. In time came the wireless. And now the wireless telephone. What next? Before those words are printed we may hear that an airman has flown across the Atlantic.

## Increased Pay For Mounted Police

Ottawa, May 14.—Hon. N. W. Rowell, president of the privy council, has given notice of a resolution increasing the rate of pay of the North West Mounted Police. In future they will be as follows: Eight staff sergeants, each per diem \$3.00. Other staff sergeants \$2.50. Other non commissioned officers, \$2.25. Constables \$1.75. Scouts \$2.50. Trumpeters and buglers under 18 years of age \$1.25. Life pensions are also provided in the resolution as follows: (a) Ten but less than twenty-one years' service, one-fiftieth of annual pay and allowance for every year of service. (b) Twenty-one but less than twenty-five years' service, an annual sum equal to twenty-fiftieth of annual pay and allowance with an addition of two-fiftieths of such pay and allowances for every completed year of service above twenty-five years, provided that the pension shall not exceed two-thirds of his annual pay at his retirement. The commissioner is also authorized to organize a Royal North West Mounted Police reserve to consist of officers and men who have served in the force. Recruiting for the force is now in progress throughout Canada. Forty little dimes lying in a row, Bright, handsome, new dimes, whither shall they go? Easy savings! Yes, they were; never even missed. Think I could have added more with a little twist. Shall they go for theatre, movies or a dance? Shall they buy a luncheon? That's too high finance. Shall they go for bargains in the dry goods store? Pretty soon I will be back where I was before. What, then, is the proper thing I had better do? Bless me! here's a bright idea! I'll pass it on to you. I'll buy a War Savings Stamp and, by its safe away. Think how handy it will be for a rainy day. The Coleman tennis club has been reorganized.

## Blairmore Opera House Changes Management

Last week end the Blairmore opera house changed hands. Mr. C. W. Johnston, who has conducted the affairs of that institution for the past five or six years, having sold his good will and interest to Pete Ulerio & Co., of Bellevue who immediately took charge.

Mr. Johnston has also sold his auto and a range of cattle, and hopes soon to form a film syndicate for the purpose of manufacturing picture films.

## No Wedding Bells For Me!

Wedding bells refused to ring on Sunday last, when Jack O'Neill took unto himself, for better or for worse, Elizabeth Ford, Junior. Jack promised to abide by all marriage laws; to support her and care for her through the vicissitudes that confront the life of a person entering upon a perilous voyage. Leaving Lethbridge about 5 p. m. on Sunday, Elizabeth led the way, and obeyed every command of her newly adopted husband. Elizabeth has been the victim of a cruel joke, and is now in the hospital.

"We carried her over from Lethbridge, we did, and I thought her to be, heh, heh. We've learnt her some new pranks; you many."

"She caused us to blow, she did, yep!" "She isn't a car with a pedigree. And she's nice, very nice, indeed. Her lines are low and her speed is praps slow."

"She's a sort of a has-been steed. We've took her along on this hike, we did. And a wonderful boat she be— Why there's not a man in the whole wide world Feels half just as gay as me!"

"She's an old one repainted, renickled too. But she looks like a one that's sane. She runs all the time and her springs are chimes. And Elizabeth's her Christian name."

"She spitters and sulks, she kicks and And has a consumptive cough. She often backs like an old horse scared Of a place where she might run off."

"We search for the roads that are smooth and straight— But that's such an awful dream; For it's 'Swift to the right,' or 'Swift to the left.' Or 'Swift to the air!' we're belin'."

"The rise to the right of us, ruts to the left of us. Ruts overhead and below; But Elizabeth plods like an old school man."

"Awadlin' to school through snow. I know live in the clouds when my steed runs high."

"And mingle with others' dust; And I grip my wheel with a Spartan zeal And say 'In the Lord I trust!'"

"And often, how often when they tow me home, At a cost of a five or ten, Shall I dream of the day of the one-horse shay."

"And wish I'd been living then. And yet with it all, she's a good old friend."

"Though I know that the day is near, When death will steal into each slow wheel And into the running gear."

"Then this is my prayer: 'May she run in peace, With no eyes but mine to see.' Though I've suffered much from her friction clutch."

"She's been a long-bolted nut to me."

Remember the big baseball game between the Calgary and Blairmore teams on Saturday afternoon at 3.

# More Production To Solve Labor Unrest

Ottawa.—That there is a shortage of food in the world; that Canadian prices are regulated by demand abroad; that there is no great surplus of food supply in Canada; that the duty of Canada is food production for the benefit of itself and the world; that the government must present a program to regulate the cost of living, and that industrial unrest can be traced to the cost of living, were stated in the senate by Hon. G. D. Robertson, minister of interior, last night.

Hon. Mr. Robertson said that there appeared to be a great deal of misunderstanding in Canada as indicated by press comment and resolutions calling for enquiry to reduce the cost of living and charging present high prices of food to hoarding for profit. Mr. Robertson said the people of Canada should know there is no surplus of food in Canada, and that production was increased there was little hope for such reduction of food prices.

An increase in food storage in Canada would be of little use, he said, to relieve the situation. If all the butter in storage on May 1 were divided it would give each Canadian 17 ounces; a division of cornmeal would give each Canadian less than a quarter of a pound. The quantity of butter in cold storage was 3,000,000 pounds; of cornmeal, 313,700; of wheat, 66,418 pounds; of a little over 300,000, or a third of a dozen per head; pork two and a half, and beef three and a half pounds per person. What position had been sold on eggs, cornmeal, and other foodstuffs? He gave the figures to show the incorrectness of the idea that the present high price of butter, for instance, was due to there being large quantities in storage held for the benefit of the owners. This was the season of egg production when usually they are collected for storing, but today eggs were not forthcoming, and therefore only small stocks are being laid away. Unless production increased there would be the prospect of an egg famine within a year.

Get the first of it. In another column appears the first chapter of our new serial story.

## Steamer Brings

### Interesting Cargo

Consisting of Guns, Captured By Canadian Soldiers

Montreal.—The steamer Vendella brings an interesting and historic cargo in port, consisting of a score of captured guns which were wrested from the Germans by Canadian soldiers. Among the heavy artillery is a big gun which is labelled: "Second Canadian Division, 24th battalion, No. 938," and this is consigned to the Victoria Rifles, Montreal. Number 917 is for the 21st Canadian battalion and it is addressed to the lieutenant-governor of Ontario. Number 960 was captured by the 31st battalion, a western unit, in August last, and it is consigned to the lieutenant-governor of Alberta. Number 933 is the property of the 25th battalion of Nova Scotia. There were others, but they were in many cases illegitimately marked.

# Friendly Reception Of Austrian Delegates

Paris.—Karl Renner, the Austrian chancellor, brought his peace delegation and their attendants to St. Germain, near Paris, and at a later date will appear before representatives of the allied and associated powers to receive the condition which will spell peace for the former empire.

A notable feature of the reception was the absence of any military guard, who had requested permission to greet the Austrians, but had been denied this privilege. The prefect of the department, M. Chevalier, met the Austrians courteously, and although there was no official handshaking, many members of the party were greeted by unofficial handshakes from old acquaintances as they were being shown to the waiting automobiles.

The delegates then proceeded under military escort to the villa, as set aside for them, overlooking the valley of the Seine and Paris and lacking the high fences and sentries so much in evidence at Versailles.

It was a cosmopolitan crowd which awaited the delegation, French, Eng-

## Reds Attempt to

### Kill Paderewski

Attack on Premier Upon His Return to Warsaw

New York.—A Warsaw dispatch reports an attempt by Bolsheviks to assassinate Premier and Mrs. Paderewski. Few details of the attack on the premier are to hand although it is stated that the attempted assassin-pistol took place as he alighted from his train upon his return to Warsaw from Paris.

The attempt followed a series of demonstrations of approval and welcome accorded to M. Paderewski at the towns and cities through which he passed on his return to Warsaw, these receptions being a tribute to the work for Poland which the premier had done at the Polish conference in Paris.

The Poles are satisfied with the decision on the Danzig question and are also pleased with the solution of the Silesian boundary problem. The decision on the Tschengol coal field, some disappointment is expressed.

## Germans Will Hold Out

Ebert Hopes U.S. Democracy Will Not Accept Treaty

Berlin.—Declaring that the terms of peace presented by the allied and associated governments to Germany, "contemplate the physical, moral and intellectual paralysis" of the German people; that Germans were "hypnotized" by statements made by President Wilson; and that he, himself, looking forward to the future, "with gravest apprehension," President Ebert said that he still hoped that the United States democracy would not accept the treaty framed at the peace conference. He rejected with disdain the suggestion that the present German government would resign rather than accept or reject the terms saying that the government would "hold out to the end."

## To Settle Women

London.—The government overseas settlement committee is seeking six women candidates for the Dominions, two to visit Canada, two to Australia and two to New Zealand. They purpose to enquire into openings for women, particularly workers on the land, with a view to settling in the dominions women workers desiring to emigrate.

## Ties for H. B. Railway

Ottawa.—Contracts for 250,000 ties, to be used on the construction of the Hudson Bay Railway, have been awarded. G. W. Cann will supply 75,000, H. F. Boris 150,000 and John Dione 75,000. All contractors are of the P. Pas. The contract price is sixty cents and the ties are of spruce and pine, mostly the former.

## Dutch and Kaiser

The Hague.—The Dutch government denies that it has decided to surrender former Emperor William. The question at present, it contends, concerns only Germany and the emperor.

## Nearly Three Million Loaned

Regina, Sask.—Major Ashton of the soldiers' settlement board, stated here that April will see \$500,000 had been loaned in Saskatchewan, \$1,200,000 in Alberta and \$1,055,000 in Manitoba. He expected May loans in Saskatchewan would amount to a million dollars. It is probable that a western conference of those connected with soldier settlement in the official capacity will be arranged for this summer.

## Will Not Strike

Lethbridge.—Civic employees who voted some days ago to go on strike have rescinded such action and have applied for a Dominion board of arbitration to settle the dispute.

W. N. U. 1264

## Winnipeg Paralyzed by Strike

Greatest Labor Struggle in City's History Now in Progress

Winnipeg.—Winnipeg is now in the throes of the greatest labor struggle of all her history. Estimates vary widely as to the total number of workers out on strike, those running from 15,000 to 27,000.

At a mass meeting of the G.W.V.A., Army & Navy Veterans and Imperial Veterans of Canada associations, including all of the military and naval services, a resolution was adopted to the effect that every legitimate means would be used to preserve law and order; and providing, further, that when the present trouble has been adjusted, all members of the military and labor representatives will discontinue their participation in the strike.

The mayor and city council are grappling with the problem of maintaining the essential services of public utilities, police and fire protection, as the tie-up grows. Every walk of the industrial and commercial life in Winnipeg is represented among the strikers. Wholesale and retail stores are affected, and in a number of cases closed.

The large departmental stores experienced only a partial walk-out and are continuing to give service. The biggest of these, employing some 6,000 hands, lost the assistance of about 700 employees, including engineers, teamsters, grocery clerks, butchers, and luncheon waitresses at kitchen help.

With only the postmaster, his deputy and three stamp clerks remaining on duty, the post office is tied up—269 postal workers having quit at eleven o'clock. Street railway service is at a complete standstill, while the question of the city granting the jitneys permits to again operate is under advisement.

Free automobile rides for pedestrians are again being offered by auto owners. The fire brigade is out to duty, except for the chief and his deputy and district chiefs, the department being manned by volunteer help. Numerous fire alarm calls have been answered, but nothing of a serious nature has to be coped with. All the civic clerks, with a few exceptions, are out on strike, and there is not an office at the city hall where one can even pay a bill.

Light and power and waterworks employees are out, but efforts are being made to continue the water system and to ensure at least enough power for domestic lighting purposes. More than 4,500 men, including clerks, car checkers, etc., are out in the yards, offices and shops of the C.P.R., C.N.R. and G.T.P. railways.

## Assassination is Threatened

Outstanding State of Affairs in Ireland Due to Sinn Fein Proclamation

London.—An astounding state of affairs in Ireland was revealed by the Lord Chancellor in moving the second reading of the criminal intent bill (Ireland) bill in the house of commons. The bill provides compensation in the case of any officer of the law who is killed or injured while on duty. In response to a government proclamation Tipperary a counter-proclamation was issued, which declared that any person in the pay of England, magistrates, jurors, and the like, would be deemed to have forfeited his life.

Civilians who gave information to the military or police would be executed—"that is to say, shot or hanged." Volunteers were also called upon to contemplate the possibility of offensive action, more strenuous than in the Easter rebellion. The men who were exposed daily to such risks, said the Lord Chancellor, should be protected by the whole force of the country, and if they became the victims of assassination, adequate provision must be made for their widows and families. Lord Crewe, however, thought the situation had been exaggerated. Political sympathizers with the party of violence had taken a step to the left, and were less inclined to support the cause of law and order. The bill was read a second time.

Nearly Three Million Loaned  
Regina, Sask.—Major Ashton of the soldiers' settlement board, stated here that April will see \$500,000 had been loaned in Saskatchewan, \$1,200,000 in Alberta and \$1,055,000 in Manitoba. He expected May loans in Saskatchewan would amount to a million dollars. It is probable that a western conference of those connected with soldier settlement in the official capacity will be arranged for this summer.

Will Not Strike  
Lethbridge.—Civic employees who voted some days ago to go on strike have rescinded such action and have applied for a Dominion board of arbitration to settle the dispute.

W. N. U. 1264

## Public Health

Nurses in Alberta

Welfare Stations Established in Various Parts of the Province

Edmonton.—Thirteen public health nurses will shortly be appointed to welfare stations in different parts of the province for the purpose of carrying on the campaign of health and welfare education inaugurated last year. A new class of nine nurses, in training under the general direction of Dr. H. P. B. Johnston, is this week taking clinics from the public school health officers and in city hospitals, and will be ready in the course of a few weeks to go out with the four nurses already in service to several points to be occupied in working during this summer. It will be the duty of the nurses to look after the health inspection of schools in their districts, the general promotion of child welfare, pre-natal work and mothers' meetings and the attention is that the stations shall be more or less permanent. It is a new departure in Alberta, and is expected to work out with good results.

## Alien Homesteaders

To Be Investigated

Action Taken to Make Them Available for Soldier Settlements

Ottawa.—Dominion lands held under homestead entry by aliens and others whose duties are in default will be checked by the Dominion land agents and action taken to make them available for soldier settlement. This action is the result of negotiations between the department of interior and soldier settlement board. It also has been decided to check up land held under the temporary reservations which might now be discontinue a moderate revision of prices in foodstuffs was adopted, and that sufficient wheat was available to keep the price of flour from soaring above \$12 a barrel. He added, however, that no radical price revision could be expected until the American export demands were greatly reduced.

"Black Watch" The Best Black Plug Chewing Tobacco on the Market

## Ships Lost in War

Britain Lost 2,197 Merchant Ships With a Tonnage of 7,638,000

London.—The ministry of shipping announces the number and tonnage of allied merchantmen lost through enemy action as follows: Britain 2,197, tonnage 7,638,000; France 238, tonnage 687,000; Italy 230, tonnage 742,000; Japan 29, tonnage 120,000; United States 80, tonnage 341,000. In addition to the foregoing 20 British vessels, tonnage 45,000 tons, were lost on admiralty service.

An absorbing romance in serial form commences in this week's paper.

## Afghans Violate Treaty

London.—A Russian government wireless message received says that an Afghan mission has arrived in Moscow to establish relations between Afghanistan and Russia. This is in violation of the treaty between Afghanistan and Great Britain, under which Afghanistan is not allowed to enter into relations with any foreign country except Great Britain.

## Recruiting for R.N.W.M.P.

Toronto.—An appeal for recruits to enter the service of the Royal North West Mounted Police is being made in this city owing to the great shortage of man power in the west. Inspector W. P. Bevis, of Regina, advised the question of the provincial government employment bureau in search of any available men. He stated that during the past three years they had lost fully 900 men, 750 of whom served in France and the remainder in Siberia. The need of increasing the force has been placed before the authorities who are offering a splendid opportunity to physically fit unmarried returned soldiers or civilians who are desirous of securing outdoor employment.

## Purchases in Argentina

London.—German wireless messages state that the German finance commission at Versailles learns that Germany has bought in the Argentine 135,000 bushels of wheat and 20,000 tons of flax seed. On being informed, the entente sent 250,000 tons of ship space to La Plata so that the war was assured for a further 100,000 tons of Argentine purchases.

## Budapest Indignant

London.—Budapest wireless messages state that the entire press is indignant with Rumany for the request for armistice conditions and declares that the only reply to such arrogant terms is by arms.

# Must Dismantle Armament Works

## Murdered By Sinn Feins

Attack by Armed Gang Near Limerick Robs Lives of More Casualties of War

Knocknagall, Ireland.—Four police officers who were taking a Sinn Fein prisoner to Cork were attacked by an armed band at the Knocknagall station. The armed men rescued the prisoner and killed one of the policemen and seriously injured another. A third policeman is missing.

Knocknagall is a small town in Limerick county about thirteen miles southeast of the city of Limerick. It is on the Great Southern and Western railway.

## War Expenditures

Britain Spent a Large Amount in Canada During War Period

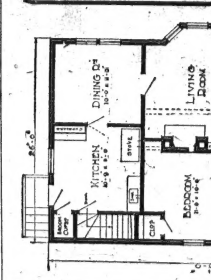

London.—In the house of commons, replying to Sir J. Newton Griffiths, Col. Emery, under secretary for the colonial office, stated that the war office expenditure in Canada was approximately \$22,000,000 sterling in Australia, \$291,000,000 in New Zealand, £75,000,000 in South Africa, £23,000,000, and in Newfoundland, £2,000,000.

## Will Import Canadian Wheat

Minneapolis.—Julius A. Baker, executive of the United States Grain Corporation, who conferred with military here, announced that the corporation had arranged for a moderate importation of wheat from Canada.

He stated that a moderate revision of prices in foodstuffs was adopted, and that sufficient wheat was available to keep the price of flour from soaring above \$12 a barrel. He added, however, that no radical price revision could be expected until the American export demands were greatly reduced.

## A Six-Room Bungalow

The above bungalow shows a lay-out which is ample and at the same time convenient, with practically no space wasted.

# Germans Must Sign Or Armistice Ends

Paris.—The German peace delegation is busy preparing voluminous counter-proposals for submission to the allied and associated powers as substitutes for terms of the peace treaty. Several economic subcommittees of the delegation met, including the one on coal supply.

The council of four, composed of Premiers Lloyd George, Clemenceau, Orlando and President Wilson, considered the question of the imposition of the blockade on Germany in case that country declined to sign the peace treaty. The subject was under discussion at two separate meetings of the council. On the other hand it is anticipated that the blockade will be entirely lifted immediately if the German delegation affix their signatures to the treaty.

## New York—The Associated Press

Although the peace terms which the Allied and associated powers are to present to the Austrian delegation are virtually complete and report say that Wednesday has been chosen as the day when the Austrians are to be called before the peace congress, the organization may be delayed by reason of the fact that Hungary, where extremely unstable conditions still exist, has failed to appoint delegates to go to St. Germain.

The Council of Four continued discussion of the military terms to be embodied in the Austrian compact. There, it is asserted, not only requires demobilization of the Austrian army and prevent future conscription, but will call for the dismantling of the Austro-Hungarian great armament factories at Vienna and other big gun works and howlers and other big guns used by the Austro-Hungarian army during the war were made.

## Accuse French of Sympathy

Paris.—An official note issued here says that a German correspondent for the Neues Wiener Tagblatt a dispatch that the hotel at Versailles where the German delegates are housed is full of spies acting as hotel attendants and that microphones are being installed in all the rooms.

The note brands the report as an odious and calumnious invention and says it is repeated the French government may find it necessary to arrest the German correspondents.

## Italians Land in Dalmatia

London.—The Italians are landing military forces at Zara and Sebenico on the coast of Dalmatia, according to a Reuters dispatch from Belgrade, the Serbian capital. The troops are being moved eastward and are fortifying the ridges and passes.

Don't wear high-heeled shoes unless you are partial to pigeon toes.

## "Facing the Music"

Fertile has reason to be proud of her

Amateur Dramatic Society, which

presented the seventy-fifth comedy,

"Facing the Music," the latest, open

house on Tuesday night.

Unfortunately, only a medium-sized

audience turned out to welcome the

entertaining troupe from our sister city, and

no doubt a very few of the "fellow

travellers" who were present. But those

who were present were so fortunate as to

be seated in a play that created one

continuous roar of laughter from start to finish.

The plot centres round the misadventure

standings which follow when the wife of

the Rev. John Smith, rector of St. An-

drew's, returning to the flat her husband

had rented during her absence, mistak-

ingly assumes it to be on the upper

instead of the lower floor of Mount

Mansions. The lower floor is also

rented by a Mr. John Smith, hence her

mistake. That gentleman is out when the lady

arrives and does not return until the

following morning. He has been doing

nothing, but too well, and arrives

home somewhat the worse for wear, with

a tale of resistance to a damsel in

distress, a robbery and a consequent loss

of his watch, chain and pocketbook. In

the meantime Miss Forthright, of the

1101 theatre, calls at the flat, expresses

to the parrot's wife her appreciation of

the bill of fare of Mr. John Smith the

night before and returns the pocketbook

which she has found. Smith, on his

return, is horrified to ascertain from his

guest, Dick Diamond, that his wife has

returned, and is equally horrified a

little later to find that the lady "on the

premises" is not his wife. However, she

has his pocketbook, and her determination

to give it to her husband convinces him

that he is the subject of a conspiracy to

blackmail. Then the real wife returns,

and the fun is on. The Rev. John Smith,

of the flat above, makes several

attempts to return a letter which has

been opened by mistake, addressed to

Mr. John Smith, to the rightful owner,

with no other success than to become the

subject of a host of mischievous

speculations, in-

cluding that of being a crank, known as

"Smith's Son," and incidentally

discussing the contents of Colonel

Smith's, for any man whose child drink

is drunk and watery. The comedy, such

as Mr. John Smith, has a very

pleasant ending. That Mabel should be

born, but does not show it with his

appreciation of the fact that she is a very

pretty girl. Stage, a digestive added in

to her high standards on the tongue. Some-

times it is still better for her. "Faint"

that Mrs. Smith is really Mabel's

sister, a rather notorious character who

usually frequents as the Duchess of

Piedmont. Finally, of course, everything

is explained, and a satisfactory

explanation is given.

The Bolshevik Menace

The real problem which confronts

the world in connection with peace

settlement is the problem presented by

the Bolshevik, which is a most formidable

menace to the peace of Europe. It has

made Russia a chaos, and is actively

propagating itself beyond the borders

of Russia. Every power of civilization

is faced to understand it and combat it.

It is a fundamental menace to the

democracy of the world and a challenge

to Christian civilization. There are some

in this country as in the United States

and Great Britain, who at the time were

in a position to sympathize with the

Bolshevik effort of the Russian people

to create a better existence for them-

selves and to judge leniently the fan-

atical enthusiasm of the Russians who

were genuine believers in the equaliza-

tion and morally wrong Bolshevik

doctrines; and who later, when the

Bolshevik excesses came, were

ready to take the view that those ex-

cesses were the inevitable reaction af-

ter the excesses and misdeeds of the

prevailing tyranny. But now out of the

fact in Russia stands out clearly the

fact that Bolshevism is a tyranny based

on terrorism and ruthless violence. It

is a complete denial of democracy and

the essence of thought and action. It

is more terrible and cruel than the old

tyranny, with the Czar as its figurehead,

under which the Russian people suffered

so long and which the revolution de-

stroyed, only to bring a worse thing in

its place. —Philosopher.

## Wonderful Ships

An item in the day's news a couple

of weeks ago was the arrival at New

York of the Leviathan, formerly the Ger-

man liner Vaterland, with 14,416 people

on board, of whom 12,374 were troops

returning from Europe. The Leviathan

is a monster of the seas. Before

the war it was considered a remarkable

thing in the greatest of the ocean

liners. Today she is a different creature

entirely. Troops disembark regularly at

Canadian ports with from 1,700 to 3,000

men on board. The Olympic, that most

wonderful of all great vessels, steamships

whose speed and incomparable

readiness in answering her helm out-

lined her to all the efforts of the

submarine, to sink her but actually enabled

her to sink a couple of submarines, and

bringing regularly to Halifax between

5,000 to 6,000 soldiers, the population of

a good-sized town. But the Leviathan

has carried a living freight nearly three

times as large. What a responsibility

rests on the captain and crew of those

great ocean steamships. And think of the

amount of stores and the vast organiza-

tion needed to feed ten or a dozen

battalions eating three hearty meals a day.

## The Past 14 Years Ago

(From the Frank Paper 1903)

June 12-J. W. Asidown has bought

the lively business of A. P. Mullan

and will become one of the limited

men of the place.

Bear and deer stories are becoming

so common that some of our sportsmen

are considering the advisability of

importing a mountain lion, or other

wild beast to hunt with the "sports"

to be told thereof. The latest story is

told by Luntman Johnson, a well-known

hunter, who makes his headquarters

hereabouts. Luntman went up Lyon

Creek looking for game. About four

miles up he encountered a deer, bear and

two cubs. He shot the old lady, who

was supposed to be the cub's mother.

He then went to where he expected to

find the old bear, but he had miscalculated

and she had gone. He accordingly took

the cub out of the cub, and as they

were too heavy to pack out, he hung

them up in a tree intending to go back

for them. When he and a helper returned

to the tree, no cub was to be found.

And there was every indication that

the cub had come back and made off

with her dead children.

Rev. Dr. Herdman, of Calgary, super-

intendent of Presbyterian missions, who

delivered the Past Past district this

week and as an outgrowth of the

important movement is under way in

the district, the object of which

is to reach an agreement whereby the

field will be divided between the Pres-

byterian and Methodist churches. The

subject has been under consideration

for some time at a local level, but had

not been decided upon until the Pres-

byterian and Methodist churches of

Calgary and the Methodist churches of

Blairmore and the Methodist churches

of the district met at present in out-

line conference. The subject was

discussed at length and it was

decided that the subject should be

made one of the subjects of the

district conference. The subject was

discussed at length and it was

decided that the subject should be

## Blairmore Enterprise

The wartime regulations, cancelling all licenses issued for the operation of amateur wireless stations throughout the Dominion have been rescinded. The amateur operator may therefore once more resume his experiments subject to pre-war regulations. A statement issued by the naval department contains the information that there were at the outbreak of the war, some 110 licensed amateur stations in Canada. These licenses were withdrawn as a war measure.

The resigning teachers at Coleman are desirous of knowing when "thirty days" are thirty days. It seems that in giving thirty days' notice to the board, that body refuses to accept such notice except on condition of a two week extension or forfeiture of pay for the concluding two weeks. An explanation is solicited.

Nearly five thousand Chicago aliens have applied for passports to their native countries since the signing of the armistice. Before permits are issued the foreigners are required to pay income tax, which nets the government from \$500 to \$1,000 daily.

The soldier settlement bill, introduced by Hon. Arthur Meighen, extends the scope of the legislation passed in 1917, by which dominion lands within 15 miles of a railway were made available for soldier settlement; and it now provides for the purchase of privately owned lands in any province for sale to eligible soldier settlers. It also enables the soldier settlement board to compulsorily purchase lands which are held to be retarding agriculture development.

The provincial government should now furnish Blairmore with an aeroplane, by which the people here might glide a few miles west to see the good work that is being accomplished by provincial funds under the administration of the department of public works. It's hardly safe to travel out to see these improvements by any other means than the air route, which they say is void of rats.

A statement says that oleomargarine may remain in Canada's market. Well, why shouldn't it, when we can get something more delicious?

Mr. O'Hall, of P. Farn & Co. has left this earth. He now travels in a brand new Ford.

A married man never knows what he is missing unless he counts the change in his pocket night and morning.

Negotiations are in progress for the sale and operation of the mining properties at Passburg and Maple Leaf.

A young lady of Frank ventured out fishing in Gold Creek and fell into the dam headfirst. She got wet to the ankles.

T. Jones, of Cowley, who returned from overseas last week end, spent a few days this week with friends in Blairmore.

The single ladies of the Central Union congregation are entertaining as many single men to a social in the Oddfellows' hall tonight.

Several men have been taken on at the cement plant this week for the purpose of cleaning up preparatory to resumption of operations.

Two young ladies sat on a doorstep of a "blind pig" on Saturday last. Their presence aroused the curiosity of the proprietor until he overheard them singing "Crossing the bar."

The congregation of St. Alban's Anglican church at Coleman tendered a farewell to Mr. and Mrs. Cecil Gower last week. Mr. and Mrs. Gower will leave shortly for the coast.

A policeman bound for Cork with a prisoner, was shot dead and the prisoner was released. That's over in Ireland. A man is always given the opportunity of reaching the book before being shot in Canada; then he himself is subject to become a prisoner.

Teacher (to young Miss)—Parce the word "kiss."

Young Miss—"This word is a noun, but is usually used as a conjunction. It is never declined and is more common than proper. It is not very singular in that it is generally used in the plural. It agrees with me."

A strike of English-speaking lay teachers in Ottawa Catholic schools broke out last week, with the ultimatum delivered to the separate school board, signed by forty teachers, in which they demanded the immediate reinstatement of former principal Kelley and the promise of salary increases averaging about two hundred dollars per annum.

## EDITORIAL

## Charter of the World's Freedom

The peace treaty, including, as it does, the covenant of the League of Nations, which has been presented to Germany for signature, is without question one of the most important documents ever drafted in the history of this old world. It places the peace along with Magna Charta and the American Declaration of Independence as an instrument of the first magnitude in providing for and safeguarding the liberties of mankind. Magna Charta was the charter of Independence won for the English-speaking people of the world—those rights and liberties which we prize so highly, and in defence of which we are ever ready to lay down our lives, and they had their effect on other nations. But the treaty of Versailles, 1919, is designed to guarantee the rights and liberties, not of one race or one nation but of all races and all nations.

The penalties imposed on Germany are severe, but who will say they are not just and necessary? Insofar as Germany is deprived of territory in Europe, it is taken away from her, not in a spirit of revenge nor of aggrandizement on the part of the allies, but in order to right wrongs inflicted by Germany on others in the heyday of her autocratic military power. She loses her colonies because she demonstrated that she was not fit nation to be trusted with power over subject peoples or native races.

The German people have shown down through the centuries, time and time again, that in their hands power was misused and abused, that they thoroughly believed in their right to rule, and that they were not ready to give up their doctrine of might makes right. Therefore, power has been taken away from them, their army and navy destroyed, and the most drastic prohibition imposed in order that they may never again endanger the peace of the world. It has been found necessary to even circumscribe and restrict the use they may make of economic weapons, because, in the past, Germans manipulated their finances, industries, transportation systems, shipping trade and commerce as parts of their military machine.

The huge sums of money which Germany must pay to the allies are not extorted from her as was the indemnity which Germany imposed on France in 1871. Germany then imposed a fine on France, but today the allies are but compelling Germany to make restitution and reparation for the wanton destruction she has caused in Belgium, France, Serbia and other countries and for the crimes committed against inoffensive non-

The peace treaty, however, is much more than the infliction of just punishment on Germany for the horrors and sufferings she brought upon the world and the enforcement of guarantees against a repetition of the outrage. With its League of Nations covenant it is a declaration of principles for the guidance of all nations, large and small, in their dealings with one another. It does even more than that—it lays down principles which are to govern within the nations themselves in their dealings with their own people.

Well defined principles are laid down under which the more advanced nations are to be entrusted with mandates powers over less advanced peoples and has enlightened peoples. Where people are not yet capable of self-government, they are to be governed, not for the benefit and aggrandizement of the governing body, but for the advancement and in the welfare of the people themselves. So, too, it is clearly defined that by all nations the man who works with his hands, and puts his physical strength in his work, is no longer to be regarded as a mere commodity to be used for profit, but as a human being with a right to the fruits of his work.

No longer are the small and weak nations of the world to be forced to live in constant dread under the menace of a rattling sword in the hands of a stronger nation; no longer are people and races to be held subject to a foreign yoke, no longer will the ruthless Turk be allowed to put helpless Armenians to the fire and sword; no longer will it be necessary that millions of men be held in idleness in huge conscript armies while other lands are benefited with peace and progress. No longer will the long-drawn-out, unending, and bloody wars be the chief business of Europe to be waged and expended for the sake of a few acres of land or a few miles of coast. The peace treaty declares that it is to be the international business of the world to create better living conditions for the masses, to protect safeguards for the health of mankind, to put down slavery in all its forms, to seek the destruction of the opium traffic and other vices—in a word to build up a better world, not to tear down and blight.

The peace treaty and the League of Nations covenant are not perfect. It is a human document, and subject to all human weaknesses and frailties. But its intention is good, and the best minds in the world have been responsible for its drafting. It may fail in its whole object, but failure will not result from a lack of sincere effort to attain success. It is the charter of a world's freedom—a contract of agreement on the part of the allies, but in order to right wrongs inflicted by Germany on others in the heyday of her autocratic military power. She loses her colonies because she demonstrated that she was not fit nation to be trusted with power over subject peoples or native races.

A Boon for the Bilious.—The liver is a very sensitive organ and easily deranged. When this occurs there is undue secretion of bile and the acid liquid flows into the stomach and causes it. It is a most distressing ailment and many are prone to it. The remedy in Farnelle's Vegetable Pills, which are warranted to speedily correct the disorder. There is no better medicine in the entire line of pill preparations.

Four Killed in Quake  
Las Palmas, Canary Islands.—Four people were killed in the earthquake which shook the island of Fuerteventura last night. The bulk of the population of the island has fled.

Wonderful Flavor  
Sturdy Nourishment

Relief for  
Czecho-Slovaks

Berne.—A Prague dispatch states that 2000 tons of food-stuffs have reached the Czecho-Slovak republic by barge from Hamburg. This relief eases the situation and renders the Bohemian outlook for more hopeful than it has been during the last few weeks, when famine menaced the country.

Sir Robert Borden, the Canadian premier, is returning to Canada tomorrow to Ottawa, because the political situation there is said to require his presence. Sir George Foster probably will take Sir Robert's place as head of the Canadian delegation.

To Cure a Cold in One Day  
Take LAXATIVE BROWN QUININE (T.B.Q.) and you will have the cold and cough in one day.

Bolsheviks may reason that if they can make all other nations as rotten as Russia, that Russia will be as good as any other nation. This is a Blatant Lie.

Warts will render the prettiest hands unsightly. Clear the excesses away by using Hall's Corn Cure which acts thoroughly and painlessly.

Diplomacy is the art of making others believe that you really don't want something that you can't get.

Ask for Merrick and take no other. The franchise with which I've been given is a real one, and I'm sure it's a real one.

Child Had  
St. Vitus' Dance

And Was Losing Control of Arms and Legs Because of Exhausted Condition of Nerves—Doctor Said He Could Do Nothing But Complete Cure Was

Cordova, Man. May 25.—To parents who are anxious or worried about the health of their growing children this little girl's story is a message of good cheer. So many cases similar to this one have come to our attention that we are forced to consider Dr. Chase's Nerve Food the most effective treatment available for St. Vitus' Dance and all such conditions, which result from nervous exhaustion.

To children who are naturally nervous, the life of the world is often more than they can bear, and the results are seen in headaches, eye troubles, loss of appetite and digestion. The use of Dr. Chase's Nerve Food at such times soon puts them on their feet and restores health and vigor.

Mrs. Wm. Matt. Cordova, Man., writes: "My little girl, ten years old, was not very well, and I noticed some rather odd ways about her. She used to be very nervous, and I noticed the doctor what could be the matter. He said she had St. Vitus' Dance, and I was told to keep her quiet and out of school. He said 'treatments were any use for her.' She was affected in this way a year. I then bought and used Dr. Chase's Nerve Food. I bought six boxes and started this treatment with my daughter. Before she had finished the first box, she could get a great change in her, and by the time she had taken the six boxes she was completely cured. She is now at school, and going to school every day."

"Another daughter of mine has been cured of St. Vitus' Dance by the use of Dr. Chase's Nerve Food. She was very nervous, and we always kept her in bed. The Kidney-Liver Pills on hand as a household remedy for backache, etc."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for \$2.75; at all dealers, or Edman-Bates & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

Allies to Attack Petrograd  
Stockholm.—Entente forces are preparing military operations with Heligoland as a base, for an attack upon Petrograd according to a Heligoland dispatch to the Associated Press. Eight thousand troops are expected to take part in the operation, according to the dispatch which says that French cruisers are now lying in the Gulf of Finland off Heligoland.

Regulate on the Farm.—Every farmer and stock raiser should keep a supply of Dr. Thomas' Electric Oil on hand, not only as a ready aid for ills in the family, but because it is a horse and cattle medicine of great value. As a substitute for street oil for horses and cattle affected by cold it far surpasses anything that can be administered.

After going through the war with out beating anybody, the former crown prince is now charged with whipping his wife.—Vancouver Province.

As we understand it now, we also understand the war to keep France away from the British, Detroit Free Press.

Read the interesting story continuing in this issue.

The Only Way to  
Attain Prosperity

George Merrick, Speaker of Real Estate in Western Provinces

George Merrick, of Merrick-Anderson, well known Winnipeg, Manitoba, merchant, who for years has taken a deep personal interest in all matters relating to agriculture in this province, expresses the conviction that the public men of Canada and a great many others are putting the emphasis in this reconstruction period at the wrong point. This is an agricultural province, with a rich and fertile soil, and the wealth which its people will have in future years must be got from the farm.

"Our government speaks about expenditures on railways, on canals,

and on the building of vessels and the construction of railway equipment, and so giving employment to soldiers, but nothing about production, nothing about the two-year-old heifer, nothing about the poultry. Not a word! How is the world going to be fed?"

"The newspapers fail us as well as our public men. I was west of this city yesterday, calling on an old friend, and I was told how much land there was between Winnipeg and Portage la Prairie, which had never been under the plow. Why don't the newspapers jack us up and tell us who are in the city and who have a little money to go out in the country and arrange to get some of this land under cultivation? There are hundreds of men in Winnipeg who could take an interest directly in agriculture with the best results both to themselves and the people of this province."

"Someone called on me a few days ago and asked me to talk about better business. I replied that the thing which I was most interested in at the moment was the wonderful cow which was on exhibition at the industrial bureau. We have been thinking too much about business and not enough about the cow. It is the cow that must make the province rich and prosperous, and give the people of the province what they require."

Finding Market  
For Range Horses

High Freight Rates Present Greatest Problem

Ottawa.—At a gathering of representatives of the livestock interests of the Dominion here, plans were considered for the finding of a market for Canada's surplus of animals, more particularly of range horses in the west.

Mr. Arkell, Dominion livestock commissioner, who returned recently from a trip to England where he was to make a study of livestock conditions, reported among other things, that there is a market in Poland for half a million horses if this could be arranged. This is the big problem to be solved for with ocean freight rates at their present high level, it would be practically impossible to land horses in the European market at a suitable figure and pay the western farmer a reasonable figure for his stock.

## CURE COWS' CAKED BAGS

STRENGTH FOR  
THE DAY'S WORK

DEPENDS UPON GOOD BLOOD TO NOURISH THE BODY

Weak People Need a Tonic, One Which Acts Directly Upon the Blood and That Does Not Weaken the Body By Useless Purgings.

There are thousands of people who are without energy and without ambition or strength to do their day's work, and who are always tired out, who cannot get on their feet, who have indigestion. They cannot get a refreshing night's sleep and are subject to headaches, lachrymation, and nervousness, because their blood is impure. To men and women in this condition Dr. Williams' Pink Pills give quick relief and permanent cure because of their direct action on the blood, which they build up to its normal strength. As the blood becomes rich and red it strengthens the muscles, tones up the nerves, makes the stomach capable of digesting food, and repairs the wastes caused by worry or exertion. In a word, the use of Dr. Williams' Pink Pills means restoration to perfect health.

## BLOOD TURNED TO WATER

Miss Jessie McClean, Trenton, N.S., says: "I was as weak as it was possible for any one to be, and yet be able to do anything. My blood seemed to have turned almost to water. I was pale, the least exertion would leave me exhausted, and when I went up stairs I could hardly stop and rest on the way. I often had severe headaches, and at times my heart would palpitate alarmingly. My doctor urged me to try Dr. Williams' Pink Pills and I have reason to be grateful that I took the advice. Soon after beginning the use of the Pills I began to get stronger, and by the time I had taken seven boxes I felt that I was again enjoying good health. I think Dr. Williams' Pink Pills are a blessing to weak girls and I shall always warmly recommend them."

## RHEUMATIC PAINS

The sufferer from rheumatism who tries outward applications is only wasting valuable time and good money in depending upon treatment which the trouble still remains, and is all the time becoming more firmly rooted—harder to cure. Treat this disease through the blood and you will soon be rid of the pains and tortures, and a cure for rheumatism. Dr. Williams' Pink Pills are unequalled. They act directly on the impure, weak blood, they purify and strengthen it, and so root out the cause of rheumatism. Mr. D. Lewis, postmaster at Escuminac, N.B., says: "I was attacked with rheumatism, which settled in my elbow, shoulder and knee joints, and at times caused me great suffering. The trouble was particularly severe last spring and I decided to try Dr. Williams' Pink Pills. After taking a few boxes the time the rheumatic pains and stiffness in the joints disappeared and I have not had any return of the trouble."

## A GOOD DIGESTION

Mrs. William Dale, Midland, Ont., says: "I suffered for a long time from a severe form of indigestion, and had doctors as much without benefit. I had not but given up hope of getting better. Everything I

Ladies Perfume Your Skin With Cuticura Talcum  
Antiseptic, prophylactic, deodorant, fragrant skin refreshing. Cuticura Talcum is an ideal skin baby and dusting powder. Concocted and ecologically blended for other purposes for the person. A few grains sufficient. One of the indispensable Cuticura Talcum for keeping the skin pure and sweet.

## Bolshevik Refuse to Cease Hostilities

Paris.—A wireless message received here addressed to Dr. Fridtjof Nansen, head of the committee for feeding Russia, from M. Tschernikoff, Bolshevik foreign minister, and relayed by the foreign office at Berlin, announces that the Bolsheviks refuse to cease hostilities as a condition of provisioning of Russia by neutrals.

"Black Watch" The Best Blacking  
Chewing Tobacco on the Market

Belgium's Progress Army  
Dissemination of Belgium's progress army numbers 20,000 men and 15,000 have been demobilized. The minister of war informed parliament. The minister said he would do his utmost to rearm the Belgian military force to 100,000 men as soon as possible.

STRENGTH FOR  
THE DAY'S WORK

DEPENDS UPON GOOD BLOOD TO NOURISH THE BODY

Weak People Need a Tonic, One Which Acts Directly Upon the Blood and That Does Not Weaken the Body By Useless Purgings.

ate caused me intense pain and some days I could not get on my feet. A cup of cold water, and even that distressed me. As a result I was very much run down and my blood was poor. I was continually taking medicine, but was actually growing weaker instead of better. Having read the advertisement for Dr. Williams' Pink Pills, I finally decided to give them a trial. I have had great cause to bless this decision, for by the time I had used a couple of boxes there was no doubt the pills were helping me, and less than time I had anticipated the pills had cured me and I was again enjoying not only good digestion, but better health in every way than before."

## ALWAYS FEELS FIT

The wonderful success of Dr. Williams' Pink Pills for Pale People in curing disease in the blood, and by making the vital blood and red strengthening every organ and every nerve, thus driving out disease and pain, and making weak, despondent people bright, active and happy. Mr. Johnson, one of the best known and most highly esteemed men in Lunenburg, N.S., and a former Provincial Land Surveyor, and an exposed the greater part of the year to very hard work travelling through the forests by day and camping out by night, and I find the only thing that will keep me up to the mark is Dr. Williams' Pink Pills. When I leave home for a trip in the woods I am as interested in having my supply of pills as provisions, and on such occasions I take them regularly. The result is I am always fit. I never take cold, and can digest all kinds of food such as we have to put up with in the woods. Having proved the value of Dr. Williams' Pink Pills as a tonic and health builder, I am never without them and I can see no opportunity in recommending them to weak people I meet."

## SKIN TROUBLE CURED

Mrs. W. Ritchie, Parkburg, Sask., says: "Two years ago I was attacked with eczema on my face and neck, and everything that was advised, but as the trouble was growing worse I consulted a doctor, and took his treatment for some time with no better result. By this time my hands were a mass of sores and I began to despair of finding a cure. A friend strongly advised me to try Dr. Williams' Pink Pills, and I decided to do so. After using two boxes I could see an improvement and I got a further supply. After taking a few more boxes, by which time every trace of the eczema had disappeared and there has been no return. I am now free of the trouble since that time. I gladly recommend Dr. Williams' Pink Pills for trouble of the skin kind."

Dr. Williams' Pink Pills should be kept in every home, and their occasional use will keep the blood pure and ward off illness. You can get these pills through any medicine dealer or by mail at 50c a box or six boxes for \$2.50. Write to Dr. Williams' Medicine Co., Brockville, Ont.

## Of Local and General Interest

Jonathan Penn, a naval volunteer, returns to Hillcrest this week.

The Cowley School Fair will become constitutionally organized this year.

Winnipeg veterans oppose Bolshevism and declare that the O.B.U. is anarchy.

British airmen waited in Newfoundland for the Yanks to stake the right-of-way.

One thing may be said of a church: That thieves seldom break through and steal.

A grand dance is to be given in the opera house tomorrow night, commencing at 8 o'clock.

Miss Shafer has resigned her position as dietitian at the Sanatorium, and left for the east last week.

A dance will be held in Tustian's new hall at Cowley on the night of the 30th, under the auspices of the tennis club.

Private William John Evans returned home from overseas on Sunday morning last. William John knows what it is to be a prisoner of war in Germany.

Capt. R. E. and Mrs. Campbell, of Rocky Mountain House, spent the early part of the week in this part of "Bob's" constituency. Capt. and Mrs. Campbell are just returning from a visit to Spokane.

Mr. Ainsworth, government road and bridge inspector, and Hon. A. J. McLean, minister of public works who have been sojourning in the Waterton Lakes district, paid the Pass a flying visit last week end.

Miss Doris Stewart has resigned her position with the local Telephone exchange and, we regret to hear, is about to enlist in the army of hennicks. It's better, though, to be a volunteer than a conscript. Miss Stewart is succeeded in the "hello" business by Miss Emma Kidd.

Wuen Lee, of Cowley, was convicted of stealing a quantity of linen articles from the Cowley hotel and paid a fine of \$10 and \$9.95 costs. His liberty was of short duration, for he received another invitation and pleaded guilty to having occasion in his possession and was fined \$50 and costs or three months in jail. He paid the fines.

Plans have been completed for the airlight from Vancouver to Calgary via the "Crows' Nest Pass." The date for the flight has not been definitely decided upon, but will likely be in the month of June. Stops will be made at Fernie, Coleman, Macleod and Lethbridge. Flight Lieut. Trim, of Vancouver who is to undertake the trip, passed west from Lethbridge on Friday last.

Fred Simm, of 505 Eleventh St., South, Lethbridge, met accidental death last week through the discharge of a .22 calibre rifle, from which he had evidently attempted to extract a shell. The young man was a member of one of the most highly respected families in the city and general sympathy is felt for the bereaved family, as well as with the young lady to whom he was to be married on Wednesday of this week. He was 27 years of age and returned from overseas about two months ago.

Cranbrook has jumped to the front as a leader in the high cost of dancing. A ball was given in that city the other night for hospital benefit, and \$1400 were the receipts. Tickets sold at \$1 each and the ladies in attendance wore costumes (they did) representing a total value of \$25,000 or an average of some \$125 for each lady. It might have been possible to have held "no ball" and turned the twenty-five thousand dollars over to the worthy cause, but it appears that the world doesn't travel that way.

A. Muts paid a business visit to Vulcan last week end.

The Alberta Methodist conference opens at Calgary on Thursday next.

F. S. Kafoury and Miss Vera Kafoury spent Sunday last in Lethbridge.

Capt. Walter J. Fisher returned to Blairmore on Tuesday morning from overseas, looking well.

A Pincher Creek moonshiner was last week fined \$500 and costs, with the confiscation of his equipment.

L. S. Meister, telephone Trouble rectifier at Pincher Creek, paid a fine of \$5.00 and costs last week for speeding.

H. Pinkney arrived home on Monday morning, looking well after four years in the war zone.

Major Wallace Sharpe, D.S.O., has received the appointment of Deputy Purchasing Agent under the Soldiers Land Settlement Board.

A large number of Blairmoresites attended the dance given in the Coleman opera house on Friday night last and all report having had a glorious time.

Blairmore's baseball enthusiasts have been busy during the past couple of weeks laying out the grounds granted them by the West Canadian Collieries near the Crystal Dairy.

Rev. W. F. Burns, late acting pastor of Knox Presbyterian church Lethbridge, who has of late been supplying pulpits in the province, was in Blairmore on Monday, trying the ice.

Jack Longworth, brother of President Thomas Longworth, of the Lethbridge G.W.V.A., who had been prisoner of war in Germany for a couple of years, has returned to Blairmore.

R. Evans, of Cochrane, and Mr. Knight, of Pincher Creek, have been appointed superintendent and chief warden, respectively, of Waterton Lakes park. There were over sixty applications for the job.

The sad news reached the Pass last week end of the death of Lesie Tomlinson which occurred rather suddenly after his arrival in England. Tomlinson left Bellevue a few weeks ago on a visit to his home and parents in England. He had not been enjoying the best of health for some time so decided to take a rest. On landing in England he became unconscious and could not even recognize his relatives. Leslie was well known and very popular in this district. Until a couple of years ago he, in partnership with W. Tucker, conducted the Rosedale Dairy at Bellevue. He was but a young man.

Fire destroyed the houses of Dominic Sartoris, Louis Boldovino and Mike Olie, and two other vacant cottages in the east end of the town on Saturday morning last. The fire is supposed to have originated in the old Rose "landmark," where it is claimed some men had entered late in the night to take shelter and imbibe from a bottle of prohibition's special hard. Practically nothing was saved. Sartoris saved a few loaves of bread and some cooking utensils and a small table. Boldovino dragged a couple of trunks out through his front door and they were destroyed within twelve feet of the building. Olie's family had a narrow escape. After rushing several children and his wife to safety, Olie wrapped a small child in a rug, and when but a few feet from the building the rug took fire and had to be thrown off, but the child was saved. We understand that some insurance was carried on the buildings and contents.

Joseph Henderson Robertson J. P., of Bellevue, has been appointed coroner.

**EIGHT MILKING COWS FOR SALE**—Apply to C Wingens at Frank.

Revs. H. Peters and W.T. Young attended Methodist district meeting at Macleod yesterday.

As we go to press we learn that a second seam of twelve to fourteen feet of coal has been exposed on the Muts property.

A special meeting of the local G. W. V. A. will be held at Frank on Sunday at 2 p. m. All members are requested to be present.

The largest purchase price for a piece of property ever made in New York by private negotiation was consummated recently, when the United States Steel Corporation bought for its sole occupancy the Empire building at a cash figure close to \$5,000,000.

President Beatty, of the C. P. R., will pay Lethbridge a visit tomorrow, on a tour of the west via the Crows' Nest Pass. The special train will pass through here some time during the afternoon. The president will be accompanied by Vice-President Coleman.

Buy War Savings Stamps.  
Miss Helen Robbins is attending high school at Pincher Creek.

Leconte, a French aviator with a representative of the French army club, in a monoplane made an ascent of 26,000 feet—a world record.

The Label Company, Limited, has been incorporated under the Ordinance of the Northwest Territories, with a capitalization of \$20,000 and head office at Pincher Creek.

Italy until 1923 will, as a mandator of the League of Nations, administer the government of Fiume, after which the city, almost wholly Italian, will revert to the sovereignty of Italy.

Some differences have occurred between the trustees and the teachers of Coleman's public school, resulting in the resignations of seven of the nine teachers being handed in to the secretary.

**HOUSE AND 7 LOTS FOR SALE**—In Blairmore, centrally located, brick foundation and basement, eight rooms, large garden, etc. Worth \$1800. Will be sold for \$1400 cash. Apply to Peter Mancini, Blairmore.
